## CHAIRWOMAN MESSAGE

Being a founder of HML with years of experience as a corporate shareholder along with being involved in day to day corporate management tasks, I have been frequently asked by both local and foreign investors in their legal and tax matters regarding business matters in Cambodia, ranging from personal matters to banking, finance, mining, energy, agriculture, resort projects, and tax issues. I, together with my dear colleagues-Ms. MAO Samvutheary and Ms. KANG Leap, decided to set up **HML Law Group & Consultants and HML XAT Consulting Co., Ltd (HML)** to put together our shared experiences in the hope to shed light to people or companies in understanding Cambodian local commercial practices, laws and tax system.

In the past years, we have had the great honor to advise numerous clients currently operating in Cambodia; we owe our thanks for their trust and faith in our services, especially, NagaCorp Ltd., CP Cambodia, Manhattan Special Economic Zone, Sathapana Bank, RHB Indochina Bank, Truemoney Cambodia, Bassaka Air Limited, and International School of Phnom Penh.

Cambodia has sustained an average economic growth rate of 7.7% between 1995-2017 and growth is expected to remain robust, according to the World Bank report. This growth is driven by garment exports, tourism as well as construction industry continues to blossom in the capital and the coastal city. In this emerging economy, opportunities await entrepreneurs; unfortunately so do risks. At HML, our team of professionals with legal knowledge, skills, experience and understanding of local context will provide entrepreneurs the unrivalled services and satisfactory results. We will ensure that any client issues will be met with our utmost care and attention. Our services can be tailored to meet client specific needs.

On behalf of all the lawyers and staff at HML, we thank our clients for their continuing support and look forward to being of service to Cambodian and foreign entrepreneurs and charitable entities in their legal and tax needs in Cambodia.

**HUN Kimleng**

**Chairwoman**
